About us & the role

Goldington Community Nursery is a 60 place day care setting and pre-school part of the Families First Bedfordshire (FfB) charity. We admit children from 12 months to 5 years and have a mixture of fee paying families and children accessing their free entitlement to childcare. There is a diverse population accessing the nursery which adds to the challenge and excitement of what we believe in as a Charity; that every child has the right to the best possible start in life regardless of background, culture or religion. Our nursery is growing in popularity and we have exciting plans on how we will achieve 'Outstanding' at our next Ofsted inspection. The Nursery Assistant Manager will work as part of the nursery management team to provide professional leadership of the pre-school room and ensure that all children receive the highest standard of care.

What we are looking for

This role would suit an experienced Early Years Educator looking for their next step up or an existing room leader looking for a new challenge. This is a fantastic opportunity to enhance or develop new skills. You will need to be at least level 3 qualified and have bags of enthusiasm and initiative. The ability to build and motivate a team and work with the nursery management to raise standards are essential.

What we can offer you

Regular supervisions, excellent training, paid family days and the opportunity for you to implement your own ideas. If this sounds like a breath of fresh air then see how to apply below...
